BUILDING FABRIC CONSULTANTS

February 2012

## To Whom it May Concern

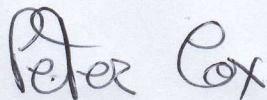

Summit Conservation Ltd has completed a number of small to medium sized projects for us over the last number of years. We find them competitive, obliging and thoroughly professional in their approach, tendering, site management and in completing projects to the highest standard.

A sample of some projects they have completed are;

- James Hardiman Library, NUI Galway - for the Buildings Office NUIG
- No 3 Cambridge Road, Ranelagh, D6 - for a private client
- Abbeyshrule Abbey, Co Longford - for Longford County Council
- Cashel City Walls - for South Tipperary County Council
- Clonalvy Church Yard, Co Meath - for Meath County Council
- Heritage Bridge, Broombridge - for Waterways Ireland.

I have no hesitation in recommending Summit Conservation for any work in the restoration or conservation of historic buildings.

Yours sincerely

Peter Cox

Managing Director
